

2026 Formula 4 Middle East Certified by FIA

**Draft subject to full details
being published by the
Championship Organizer**

The Team

Now in our 22nd year we have won 23 championships in the Asian region in Formula, LMP and GT. We know what it takes to win.

We pride ourselves in the fact that we believe more Eurasia Formula car graduates go on to forge successful careers than from any other team in the Asian region.

The reason – apart from offering world class engineering we know how successful drivers work and we concentrate on ensuring our drivers get the best out of themselves both young and older. Our expertise include Formula car driver champions and an F1 Driver Manager.

We have competed in the Le Mans 24h, ELMS, ALMS, GTWC plus junior Formula cars since 2004.

2026 F4 Middle East Certified by FIA

- **First** successfully run in 2016 as the F4 UAE Championship
- **Name** changed to the F4 Middle East Championship for the 2025 season
- **Organized** since 2016 by Topspeed who also manage F4 South East Asia, Formula Trophy and FR Middle East
- **Four** events plus one day pre-season Official Test. 12 races with plenty of track time
- **Two day** pre-season test early race week. 3 x one hour sessions per day
- **Each event** has 2 x 1 hour official test sessions, 1 x 30 minute Free Practice, 2 x 15 minute qualifying sessions 3 x 25 minute plus 1 lap races.
- **FIA Super Licence** points for top seven in the championship. Points are 12-10-7-5-3-2-1
- **Tatuus T421 Gen 2** Abarth engine as run in most European Championships
- **Opportunity** to join the team for the Formula Trophy as a warm up for the Middle East Championship

2026 Dates and Venues

- First event will be held the week ending January 18th 2026. Full schedule to be announced soon
- Venues to include the Dubai Autodrome and the Yas Marina F1 Circuit in Abu Dhabi
- One event to be held outside of the UAE.

2026 F4 Middle East Certified by FIA

- Driver, Rookie and Team Championships
- Drivers must be at least 15 years old and hold an FIA ITC-C Licence or National Licence with ASN approval
- On site spare parts support from Tatuus
- On site technical support from Tatuus and Autotecnica (engines)
- FIA Tech Scrutineering
- Tyre usage strictly controlled by regulation
- World Class Hospitality at each event with food and beverage for drivers and their guest

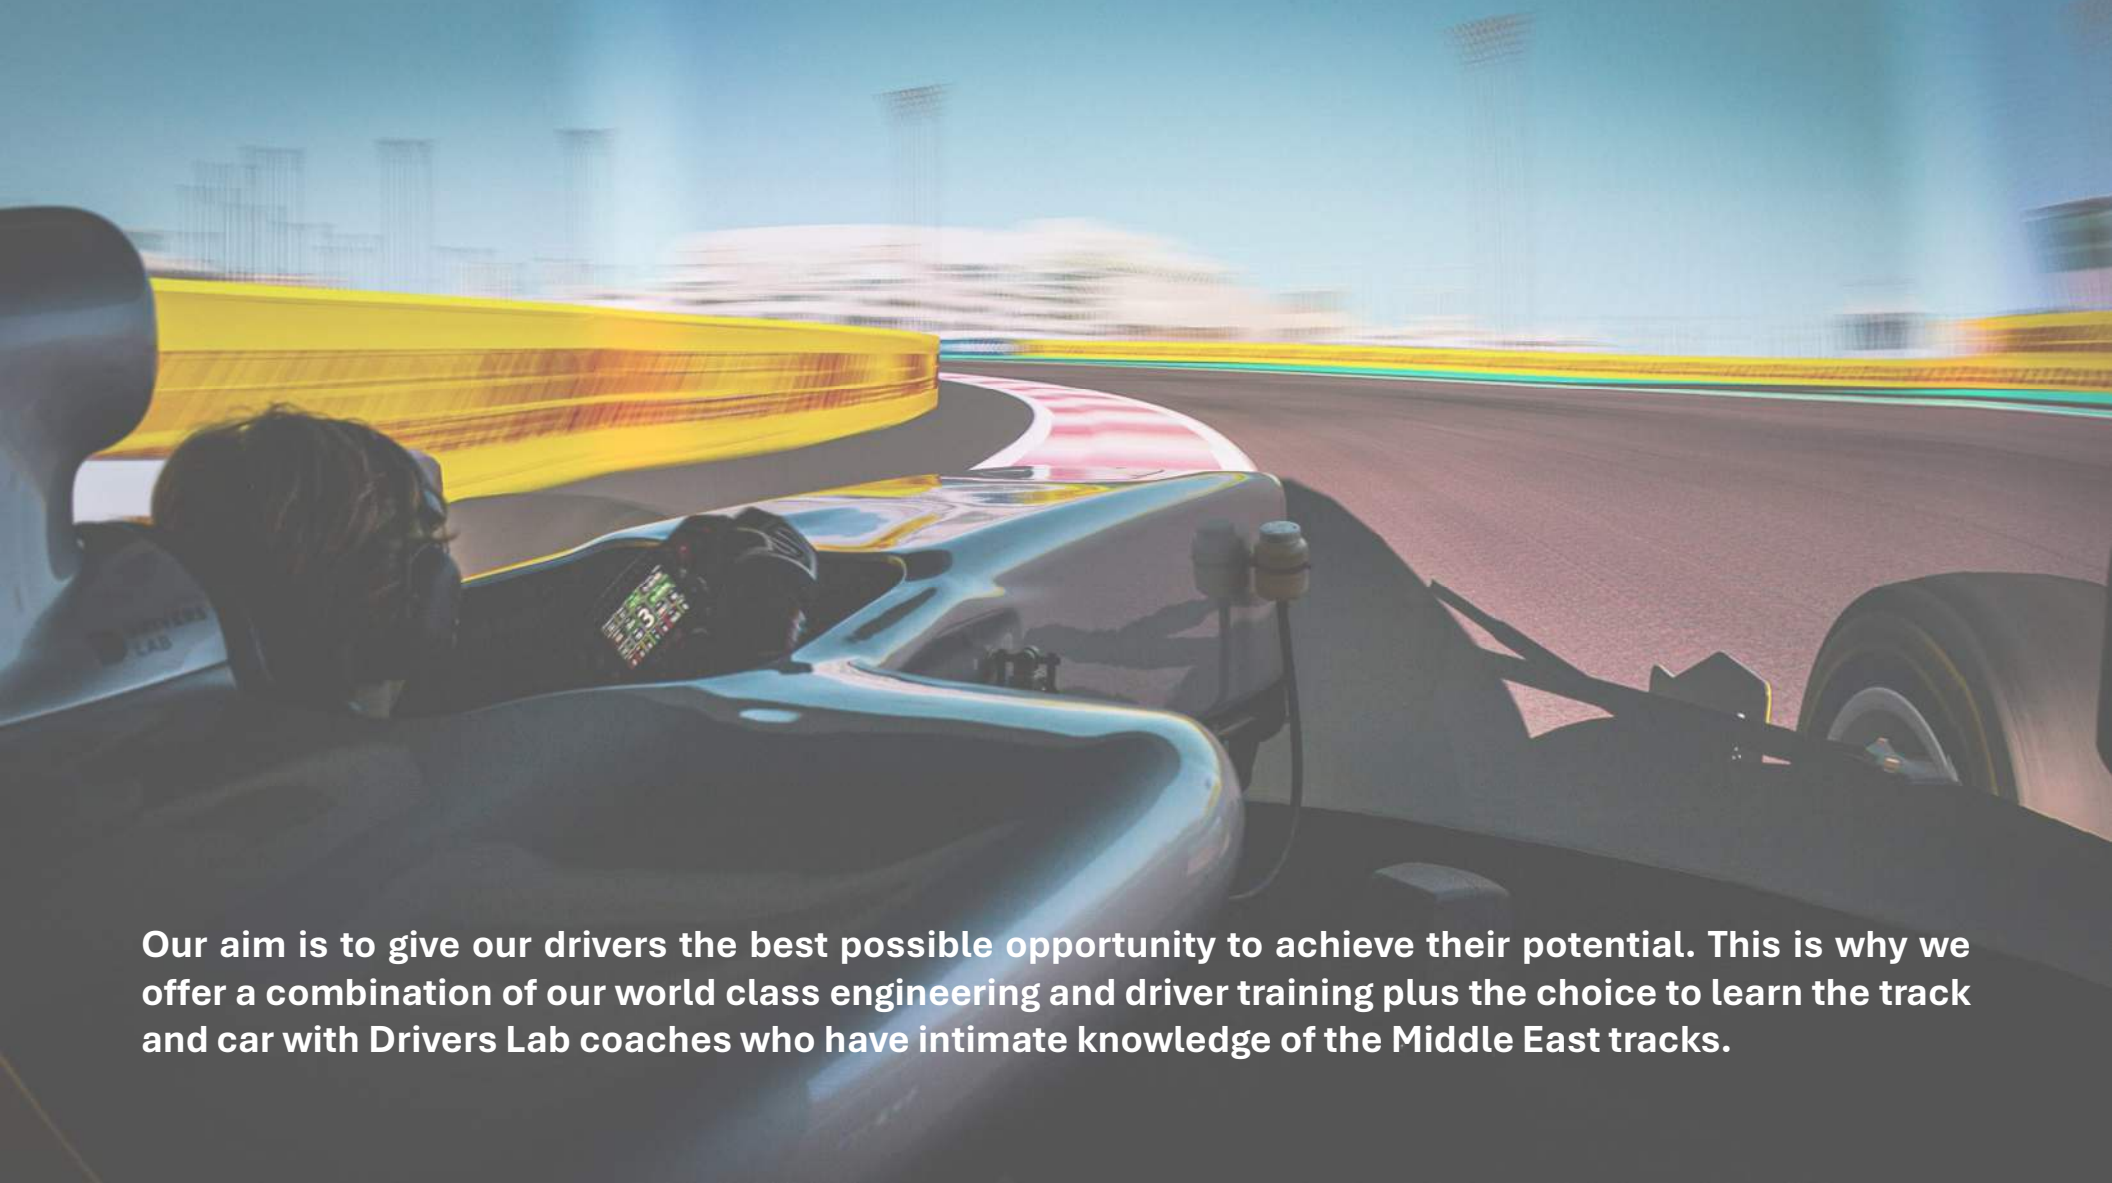

Simulator

To ensure our drivers have the best possible opportunity to be competitive we have an association with Dubai based Drivers Lab who have a state-of-the-art facility using professional simulators.

Drivers Lab have extensive experience coaching drivers to get the most out of themselves and their F4 cars at Middle East circuits. Combined with our Eurasia coaching personnel and your own driver coach if you have one we will ensure you are fully prepared for the championship.

Sim training can be undertaken early in the race weeks,

Our aim is to give our drivers the best possible opportunity to achieve their potential. This is why we offer a combination of our world class engineering and driver training plus the choice to learn the track and car with Drivers Lab coaches who have intimate knowledge of the Middle East tracks.
