# Eurasia Motorsport

## Race Team Legacy

Established in 2004 we have won 23 Asian Championship titles. We bring world class engineering having competed in the Le Mans 24h five times, ELMS for two season, ALMS 8 times. We have won championships in Junior Formula cars, GT3, LMP and touring cars.

## Coaching and Data

With Eurasia you receive structured coaching, detailed data analysis and the experience of a team that understands exactly what it takes to reach the top.

## Driver Development

We can bring the best out of young drivers and also out of older amateurs allowing them to perform at their best to achieve their goals.

## Career Path

We can offer our drivers a structured path for your career with the team or through our global contacts

## Engineering Excellence

Our world class engineering and coaching has produced many professional drivers from F1 to LMP and GT to Touring cars.

## Eurasia China Collaboration

Eurasia is working with a Zhuhai in China based front running Chinese F4 team. The combination of local know-how and our international experience allows both organizations to provide the best possible service for our drivers.

We can also offer testing at the Zhuhai Circuit on a weekly basis. We will provide a test evaluation report, performance bench marking and pathway planning.

Zhuhai is easily accessible. Fly to Hong Kong or Macau.

# The Budget

## Arrive and Drive

Car, engineering, coaching, logistics all supplied.

## Costs Not Included

The only cost not included is accident damage or mechanical damage due to the driver.
